

BOLAJI FOR WELFARE

FOR GLOBAL WELFARE SECRETARY

FROM VISION TO IMPACT. FROM IMPACT TO LEGACY.

Two years ago, we imagined an Alumni Association that would do more than respond in moments of need. Together, we have begun turning that vision into reality.

But building programs is only the beginning. The next challenge is to expand them, strengthen them and ensure they endure beyond any individual administration. Our next chapter will be built around four priorities.

BOLAJI FOLAYAN

OUR NEXT CHAPTER: FOUR PRIORITIES

EXPAND IT • STRENGTHEN IT • MAKE IT ENDURE

PRIORITY 1

CREATING A ₦500 MILLION ENDOWMENT

I will work with our alumni community, graduating sets, chapters, partners and other stakeholders to build a ₦500 million Endowment dedicated to strengthening and sustaining our Association's mission for generations to come.

PRIORITY 2

EXPANDING PROTECTION

We have laid the foundation. Now we must extend its reach. We will build on our existing Group Life Insurance and Alumni Health Plan initiatives so access to basic financial and health protection becomes the norm rather than the exception.

PRIORITY 3

ENLARGING OUR CIRCLE OF PROFESSIONAL EXCELLENCE

We will expand our Career, Business and Leadership Development capabilities to connect all alumni in a larger ecosystem of opportunity - making our collective network an engine for individual advancement and shared prosperity.

PRIORITY 4

CONSOLIDATING FOR THE FUTURE

For our welfare programs to endure, they must be supported by strong systems that can continue beyond any one administration. Over the next two years, we will strengthen the administrative and technological systems needed to manage our growing welfare initiatives effectively, transparently and sustainably.

THE NEXT CHAPTER

BUILDING A LEGACY

Our first chapter was about possibility. The next chapter must be about permanence.

A ₦500 million Endowment

Stronger Group Life and Health Insurance programs

A larger circle of professional excellence and opportunity

The infrastructure to sustain it all

OUR COMMITMENT

Together, we have built the foundation. Now, let us build the legacy - an Association that is stronger, more connected, better protected and equipped to serve generations of alumni.
